

TCM Forklift Part

TCM Forklift Parts - Forklift trucks are an important player in the material handling field of each and every international trade. Transporting industrial goods takes place every day on our industrious world. Primarily innovated as industrial vehicles during the 1930s in America, lift trucks gained popularity after WWII during the 1940s. Becoming an efficient and reliable means to material handling solutions, the need and practicality of these machinery spread internationally.

Initially founded as Toyo Carrier Manufacturing Company Limited, in 1949, the company was later renamed Toyo Umpanki Co. before becoming recognized as the TCM Corporation. Founded by Mr. N. Niwa manufactured Japan's very first lift truck. Over the years, TCM lift trucks have become a worldwide leader in lift truck manufacturing and have built a solid reputation with the trade. TCM began building forklift manufacturing sites outside of Japan during the 1980s and is presently engaged in forklift manufacturer at three foreign factories in the United States, Europe and China.

With over fifty years of accumulated technology and expertise, TCM has been proudly making many models of industrial trucks, making their models recognizable all over the world. With a strong and energetic workers, TCM has been able to constantly work towards becoming a future leading material handling business.
