

Lull Telehandler Part

Lull Telehandler Parts - Telehandlers by Lull have been providing load placement accuracy since 1959. The Lull telehandler could really help make the job faster and easier, whether the work entails landing loads on scaffoldings, transferring loads or positioning heavy steel. These units are complete with the patented Stabil-Trak stability system in order to ensure operator confidence.

The Lull horizontal load placement system provides 80 inches of boom travel for precision placement capabilities. Different optional attachments is available for Lull telehandlers so as to help finish any task.
